EDUCATION

Bachelor of Technology in Computer Science Engineering

Centurion University of Technology & Management, Bhubaneswar

Aug. 2023 – May 2027

CGPA: 9.40/10.00

HSC, Class XII

Manas International Public School, Dakshini, Bihar

Apr. 2020 – Mar. 2022

73%

SSC, Class X

Shanti Kunj Public School, Jehanabad, BIHAR

Apr. 2019 – Mar. 2020

75%

INTERNSHIP

Full Stack Development Apprenticeship

Lyient Technologies Ltd., Bhubaneswar, India

Jan. 2026 – July-2026

[Live Demo](#)

- Developed **20+ reusable React.js components** for Enterprise CRM modules, improving code reusability, maintainability, and user experience.
- Integrated **30+ RESTful APIs** using Axios with **Spring Boot** backend services, enabling seamless frontend-backend communication.
- Built and enhanced CRM features including **Employee, Organization, Product Category, Industry, Lead Source, and Dashboard** modules with complete CRUD functionality.
- Improved **dashboard performance by 30%** through component optimization, efficient state management, and responsive UI development using **React.js** and **Tailwind CSS**.

PROJECTS

Student Hub – Academic Management Platform

Personal Project

Dec. 2025

[Live Demo](#)

- Developed a centralized student resource management platform **using React.js** and **Tailwind CSS** to organize notes, assignments, and academic materials.
- Designed and implemented a responsive, user-friendly interface with reusable React components, improving accessibility across desktop and mobile devices.
- Integrated secure user authentication, resource sharing, and personalized dashboard features to enhance collaboration and academic progress tracking.

Healthcare Management System

Personal Project

Mar. 2025 – Dec. 2025

[Live Demo](#)

- Developed a responsive Healthcare Management System using **Angular**, **Spring Boot**, and **MySQL**, delivering a modern and user-friendly interface.
- Implemented core features including appointment booking, hospital discovery, laboratory search, and pharmacy directory with secure RESTful API integration.

Freelance Frontend Developer

Self-Employed

Mar. 2025 – Dec. 2025

[Live Demo](#)

- Designed and developed a modern, responsive business website for **LyfeTech** using **React.js**, **Tailwind CSS**, and **JavaScript**.
- Built reusable UI components and optimized responsive layouts to ensure seamless performance across desktop, tablet, and mobile devices.
- Enhanced user experience by implementing interactive animations, clean navigation, and performance-focused frontend best practices.

SKILLS

Programming Languages

Java, JavaScript

Frontend

React.js, Angular, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & Web

Spring Boot, REST APIs, Spring Security

Database

MySQL

Skills

JWT Authentication, JDBC, OOP, Multithreading

Developer Tools

Git, Postman, Docker (Basic), Kubernetes (Basics).

Cloud & CS Fundamentals

AWS (EC2, S3 Basics), Data Structures & Algorithms, System Design, DBMS, Agile Development, Operating Systems, Computer Networks.

ACHIEVEMENTS

Published the book "*Core Java from Beginners to Advanced Level*" on Google Play Books, **providing a comprehensive guide to Java programming from beginner to advanced concepts.**

[Book Link](#)

([GeeksforGeeks](#)): Solved 401 problems (87 Basic, 121 Easy, 150 Medium, 43 Hard) rankings in the top 478 Institute Rank.

Participated in a Web Design Hackathon at **CUTM**, developing UI/UX solutions under time constraints

Competed in a Web Design Hackathon at **IIT Bhubaneshwar**.

CERTIFICATIONS

Oracle: Certified Professional: Java SE (OCP Java)
